## Public Debate:

**This House believes that Freedom of Speech in Israel Is Currently Under Threat.**

**7.30pm Sunday 3rd December**

---

Following the success of last year's inaugural public debate, we are delighted to announce this year's event which will take place at **Netanya AACI**.

Debate is an essential tool for maintaining democracy and an open society.

Through debate Netanya AACI aims to promote tolerance for divergent points in a forum where controversial issues will be examined

### ***Proposing the motion:***

**Raymond Cannon**, a retired UK lawyer specializing in EU and international business law.

### ***Opposing the motion:***

**Dr. Norman Bailey**, currently a senior researcher at the Centre for National Security Studies at Haifa University.

Both gentlemen are popular Netanya AACI speakers and this promises to be a most interesting and lively evening. The new streamlined format will have no supporting speakers but will include a coffee break, enabling the audience to formulate their contributions before the final vote.

**Dr Michael Bliss** will chair the event.

*It is better to debate a question without settling it, than to settle a question without debating it.*

*Joseph Joubert*
