**Public Debate:**

## **This House Supports the Nation State Law**

**8.00pm Thursday 29 November**

---

Following the success of previous years' public debates, we are delighted to announce this year's event which will take place at Netanya AACI.

Debate is an essential tool for maintaining democracy and an open society.

Through debate Netanya AACI aims to promote tolerance for divergent points of view in a forum where controversial issues will be examined.

*Proposing the motion:*

**Dr. Norman Bailey**, currently a senior researcher at the Centre for National Security Studies at Haifa University.

*Opposing the motion:*

**Raymond Cannon**, a retired UK lawyer specializing in EU and international business law.

Both gentlemen are popular Netanya AACI speakers and this promises to be a most interesting and lively evening.

Dr. Michael Bliss will chair the event.

*It is better to debate a question without settling it, than to settle a question without debating it.*

*Joseph Joubert*
