8am Netanya AACI Tiylul to Jerusalem - Lesser known Museums

Description:

We will start our guided tour of the City Hall complex at the Jerusalem Municipality Visitor Center in Safra Square. The tour consists of a visit around the historical municipal building which held the municipal town hall dating back to the British Mandate period and housed the mayors of Jerusalem. The history of these buildings and the plots surrounding the fascinating characters they serviced are a vital component in the annals of the city and the City Hall's origins. Some of the buildings were constructed at the beginning of the century and were renovated and adapted for contemporary, modern use. Walking through Safra Square we will arrive at The Museum of Underground Prisoners which commemorates the activity of the Jewish underground movements; Haganah, Irgun and Lehi, which fought for the independence of the State of Israel. Discover what their lives were like in prison and hear the amazing stories of Reb Aryeh Levin, who was their Rabbi. Our last stop of the day is to the U. Nahon Museum of Italian Jewish Art. This Museum was set up to collect, preserve and display objects pertaining to Jewish life in Italy from the Renaissance period through to the present time. Through its unique images and artifacts, the Museum's collection recreates the richness of Jewish life in Italy throughout the ages. The outstanding highlight of the Museum is the ancient Italian Synagogue, which is now used by Italian Jews in Jerusalem. Our visit culminates with a Meet the Italian Chef who will give us a mouth-watering presentation on Jewish Italian food. Morning coffee and a light lunch of kosher sandwiches is included in the price. Price for members NIS 220 After 7 December NIS 230 Depart: Young Israel 8.00am, Kikar 8.10am Return: Approx. 7.00pm E: 18/9/17

Come join the Netanya AACI players for an evening of live theater. Enjoy a one-act play about all the unique characters (some sane and some not so sane!) that are involved in a charity shop. This will be followed by short sketches showcasing the talents of several of our actors. See what happens when goods disappear from a shop (an insight to petty crime on a humorous note), or the allure of all that glamour that is the theater from the eyes of an average wife. After a short break, we will continue with a sketch about acquaintances renewed after literally decades. This will be followed by a short poetic interlude and to complete the evening there will be a one-act play about a home for bygone actors recalling their former glory on the stage. Come and see our homegrown actors perform their roles with skill and love of the craft. This should be a very enjoyable and heartwarming evening! Netanya AACI Coffee and...How World Antagonism Helped Create Israel with Don Silverberg

Where: Shmuel HaNatziv Street 28, Netanya

Description:

Don Silverberg will be speaking about the many people and organisations which helped to create Israel by their antagonism. These include the Odessa anti-Semites and the Czar for pogroms in 1881-82; the French anti-Semites who sent Dreyfus to Devil's Island which energised Herzl to create modern Zionism; Hitler; the Peel Commission which came to Palestine in 1937 and decided to partition the country and the British White Paper of 1939 which cancelled the Balfour Declaration. The Arab states pushed out a million Jews from Arab lands and caused them to come and thrive in Israel and the Communist leaders made it so uncomfortable for Jews in the Soviet Union that a million Jews moved to Israel. France has now made Jewish life so scary that 5,000-10,000 Jews will arrive in Israel each year. Members: NIS15; Non-Members NIS20 E: 4/12/17

With over a hundred additions to, now, over 800 films, and around 10,000 clips to choose from, it has taken much effort to produce what should be an enjoyable evening. Please note this is a repeat programs after our very successful previous trips. Near a cinema multiplex and a non-descript highway junction outside Tel Aviv is the place where Israel's secrets go when they get old. The Israel Intelligence Heritage & Commemoration Center (IICC) is devoted to shedding light on some of the more secretive chapters in Israel's history. Its mission is to honor, remember and preserve information about members of Israel's intelligence agencies, and to commemorate the fallen from all branches of Israeli intelligence. The Center, a non-governmental organization, was created in response to public pressure for more transparency. During our visit we will see two films: The Power of Knowledge, which describes the process by which the Intelligence community manages current threats, and an historical documentary film which tells of the IICC's involvement in the rescue of Jewish communities in peril in Yemen, Iraq, Morocco, Ethiopia and other regions. From there we will visit the Terror Exhibition Display which illustrates tangible threats, propaganda, the perpetuation of hate and the Intelligence war against terrorism. After our lunch break we shall hear veterans of the Intelligence community telling stories of missions in which they were involved. To end our visit we will walk through the Commemoration Maze. Description:

Howard Epstein, is an international lawyer, columnist and author. His recent book "Israel at 70: In the Image of Weizmann" tells the story of Chaim Weizmann, whom he regards as the indispensable Zionist. We'll learn how Weizmann's four great political coups (the first of which was the Balfour Declaration) were each essential to the emergence of the State of Israel. Dayenu? Weizmann went on to accomplish three crucial educational feats that secured the country's future and ensured its success. Despite Weizmann's prodigious successes, today little is known of him and what he achieved. Why this should be so, Epstein explains, is bound up in the rivalry between Weizmann and Ben-Gurion. Netanya AACI Dramatized play reading and discussion with Israeli novelist A.B. Yehoshua

Where: Shmuel HaNatziv Street 28, Netanya

Description:

Can Two Walk Together? Our team of play readers Anthony Felix, Mervyn Leviton, Yael Rahum and Zvi Swerdlove with the help of David Feiler will present a dramatized reading of the play Can Two Walk Together? written by the renowned Israeli author A B Yehoshua. In 1934 a series of secret meetings was held in London between two bitter adversaries in the Zionist movement: from the Left, David Ben-Gurion, and from the Right, Ze'ev Jabotinsky, the revered Revisionist movement leader. The aim of the meetings was reconciliation between the two rival movements, preventing the secession of Jabotinsky's movement from the Zionist Organization, and the creation of a new organization. Against the backdrop of these meetings, A.B. Yehoshua has built a compelling political and personal drama focusing on one of the decisive historic crossroads in the history of Zionism. Whilst trying to obtain the English script of the play and get performance permission, we were in correspondence with AB Yehoshua and, to our delight, he not only gave permission but also asked if he could come and see our performance. After a short break A B Yehoshua will lead a discussion in English comparing the political tensions that prevail today with those that are portrayed in the play as existing before the establishment of the State of Israel. Netanya AACI Tiyl to Jerusalem Jerusalem: Supreme Court & National Library

Where: Jerusalem

Description:

This enlightening day trip to Jerusalem will begin with a visit to the Supreme Court followed by a fascinating introduction to the treasures contained within the National Library. In 1984, the Rothschild Foundation (Yad Hanadiv) made a formal offer to the Government of Israel to donate a permanent building for the Supreme Court. The offer was gratefully accepted and an architectural competition was held in 1986. The winners, from Israel, were the brother-and-sister team of Ram Karmi and Ada Karmi Melamede from Tel Aviv. The site of the building in Kiryat David Ben Gurion was chosen to be close to the Knesset and the Prime Minister's Office. The new Supreme Court building was designed to reflect Jerusalem's rich architectural history and was dedicated on 10 November 1992. The National Library, located in the Hebrew University of Jerusalem Giv'at Ram campus, holds over 4 million items and demonstrates the many diverse aspects of Israeli and Jewish culture throughout the ages. There is a huge selection of books, ancient manuscripts, rare prints, photographs, historical posters, personal and institutional archives as well as exquisite maps, stained-glass windows and the largest and most expansive collection of Jewish and Israeli music in the world. Our guided tour will include a visit to the newly opened special Balfour & Allenby exhibition. The day will finish with an informative lecture on World War I as reflected through the collections of the National Library. Optional lunch at the Hebrew University campus will be available (price to be confirmed). Netanya AACI Ben Gurion Epilogue Film screening and talk with film producer Yael Perlov

Video call:

https://plus.google.com/hangouts/_/netanyaaaci.org.il/communitycalend?hceid=Y29tbXVuaXR5Y2

Description:

In the great depths of the archive, six hours of interview footage was discovered of one of modern history's greatest leaders- David Ben-Gurion. It is 1968 and he is 82 years old, five years before his death. He lives in his secluded home in the desert, removed from all political discourse, which allows him a hindsight perspective on the Zionist enterprise. Ben-Gurion's introspective soul searching is the focus of this film, and his clear voice provides a surprising vision for today's crucial decisions and the future of Israel.
